Specialty. Neurology.

*Page 3/122*

*dual-language-development-disorders-a-handbook-on*

Developmental language disorder ( DLD) is identified when a child has problems with language development that continue into school age and beyond. The language problems have a significant impact on

*Page 4/122*

*dual-language-development-disorders-a-handbook-on*

everyday social interactions or educational progress, and occur in the absence of autism spectrum disorder, intellectual disability or a known biomedical condition.
