On Hostile Ground. 1h 30min | Action, Adventure, Drama | TV Movie 11 June 2000. A geologist tries to prevent a huge sinkhole from devouring New Orleans during Mardi Gras.

"On Hostile Ground" tries to build a thriller based on the premise that New Orleans is about to be swallowed up by a giant sinkhole during Mardi Gras. The city's only hope lies squarely on the shoulders of one geologist (John Corbett). As far-fetched as the storyline is, it might have been entertaining... were it not so hopelessly dumb.

Hostile Ground is a new cop/crime romance by Aleksandr Voinov and L.A. Witt, with release day: May 12, 2014. I haven't read that much of any of these two authors, but the books I have read have been really good. This romantic thriller genre with gay guys tend to usually work well for me.

Hostile Ground by L.A. Witt - Goodreads

On Hostile Ground enters the lives of three abortion providers to reveal the obstacles (practical, legal, and emotional) that they face everyday, and shows them struggle with the decision to perform this procedure. It allows providers who work on hostile ground to tell their stories by being themselves, without the help of a narrator.
