solutions to problems in the laboratory came about when I was outside of the laboratory. ... A many-body quantum mechanical system is an example of such a complex system. Therefore, if we have access to another well-controlled quantum system, we can o set ... advantage [Shor 97, Grover 97] over processing on conventional bits as well as to ...

High-Fidelity Entangling Gates with Trapped-Ions

Measurements were conducted to identify the flow-induced dynamic coefficients. The developed scheme was utilized in predicting the onset of flow-induced vibrations in two configurations of tube bundles, and results were examined in the light of Tubular Exchange Manufacturers Association (TEMA) predictions.
