Psychological Health in the
Workplace [PDF - 511KB] The

Page 7/109

purpose of this Guideline is to support the Labour Program's mandate of promoting fair, safe, and productive workplaces. It is a brief introduction to the concept of psychological health and safety in the workplace.

Page 8/109

Psychological Health in the Workplace - Canada.ca

Mental health is a state of well-being in which a person understands his or her own abilities, can cope with the

Page 9/109

normal stresses of life, can work productively and fruitfully and is able to make a contribution to his or her community.
