Clearing the HCM Certification will not automatically lead you to a job. However a Certification with some project experience will certainly open a lot of doors for you. The consultants who will benefit the most from a certification are the ones with typically less than 3 years' project experience. This is not to say that consultants with higher experience will

not benefit, but at that level, having a certification matters much less. So if you have little or no SAP- HR experience, you should get yourself certified, get some project experience, and then the whole of the SAP World open for you to explore.

Some Unique features of this book: - There is NO Other book in the market for the SAP HCM ERP 6.0 Certification exam. - The author has himself cleared the exam. - All questions are multiple choice format, similar the questions you will get in the actual exam. - Nearly 200 authentic

questions, testing the exact same concepts that will be tested in Your exam!

SAP Certified Application Associate - SAP HANA (Edition 2014) These questions are similar to the ones asked in the actual Test. How should I know? I know, because although I have been working as an SAP HANA Consultant for many years, I have myself recently certified with the latest version of the Associate Certification test. Before you start here are some Key features of the SAP HANA (Edition 2014) Associate Certification Exam. This

certification exam verifies that the candidate has the knowledge required in the area of SAP HANA SP08. This certificate builds on the basic knowledge gained through related SAP HANA training and preferably refined by practical experience within an SAP HANA project team, whereby the consultant applies acquired knowledge in this specialist area practically in projects.. The exam is Computer based and you have three Hours to answer 80 Questions. The Questions are (mostly) multiple choice type and there is

NO penalty for an incorrect answer. Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points. For questions with a single answer, the answers will have a button next to them. You will be able to select only one button. For questions with multiple answers, the answers will have a 'tick box' next to them. This allows you to select multiple answers. You are not allowed to use any reference materials during the certification test (no access

to online documentation or to any SAP system). Clearing the Certification will not automatically lead you to a job. However a Certification with some project experience will certainly open a lot of doors for you. So if you have little or no experience, you should get yourself certified, get some project experience, and then the whole of the SAP World open for you to explore. Helping you with the first step on your ladder to success is this book! Some UNIQUE features of this Book: - There is NO Other material in the

market for the SAP Certified Application Associate - SAP HANA (Edition 2014) exam. - The authors have themselves cleared the exam. - All questions are multiple choice format, similar the questions you will get in the actual exam. - Over 220 authentic questions, testing the exact same concepts that will be tested in Your exam!

These questions are similar to the ones asked in the actual Test. How should I know? I know, because although I have been working as an SAP HR Architect for many years, I have myself recently certified

with the latest version of the HCM Payroll Associate Certification test. Before you start here are some Key features of the Exam. This certificate builds on basic consultant skills and experience that is then refined by practical experience during several projects. This exam validates whether SAP focused Payroll consultants have advanced business skills and the ability to apply methodologies and tools. The exam is Computer based and you have three Hours to answer 80 Questions. The Questions are (mostly) multiple choice

type and there is NO penalty for an incorrect answer. Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points. For questions with a single answer, the answers will have a button next to them. You will be able to select only one button. For questions with multiple answers, the answers will have a 'tick box' next to them. This allows you to select multiple answers. You are not allowed to use any reference materials during the certification test (no access

to online documentation or to any SAP system). Clearing the Certification will not automatically lead you to a job. However a Certification with some project experience will certainly open a lot of doors for you. So if you have little or no experience, you should get yourself certified, get some project experience, and then the whole of the SAP World open for you to explore. Helping you with the first step on your ladder to success is this book! Some UNIQUE features of this Book: - There is NO Other material in the

market for the SAP HCM Payroll Certification exam. - The authors have themselves cleared the exam. - All questions are multiple choice format, similar the questions you will get in the actual exam. - Over 200 authentic questions, testing the exact same concepts that will be tested in Your exam!

Certification exam. - The authors have themselves cleared the exam. - All questions are multiple choice format, similar the questions you will get in the actual exam. - Nearly 200 authentic questions, testing the exact same concepts that will be tested in Your exam!

PMBOK® Guide is the go-to resource for project management practitioners. The project management profession has significantly evolved due to emerging technology, new approaches and rapid market changes. Reflecting this evolution, The Standard for Project Management enumerates 12 principles of project management and the PMBOK® Guide & □ Seventh

Edition is structured around eight project performance domains. This edition is designed to address practitioners' current and future needs and to help them be more proactive, innovative and nimble in enabling desired project outcomes. This edition of the PMBOK® Guide:

- Reflects the full range of development approaches (predictive, adaptive, hybrid, etc.);
- Provides an entire section devoted to tailoring the development approach and processes;
- Includes an expanded list of models, methods, and artifacts;
- Focuses on not just delivering project outputs but also enabling outcomes; and
- Integrates with PMI standards+ for information and standards application

content based on project type, development approach, and industry sector.

## SAP Certified Associate - SAP Activate Project Manager

These questions are similar to the ones asked in the actual Test. How should I know? I know, because although I have been working as an SAP Project Manager and consultant for many years, I have myself recently certified with the latest version of the Certification test. Before you start here are some Key features of the Certification Exam. This certification exam verifies that the candidate has the knowledge required in the area of SAP Activate. This certificate builds on basic consultant skills and

experience that is then refined by practical experience during several projects. This exam validates whether SAP focused project managers have advanced business skills and the ability to apply methodologies and tools. Aside from advanced communication and presentation skills, this certificate also verifies that the project manager has skills to manage internal and external stakeholders, basic knowledge of change management processes, and communicating these processes to others. This exam validates that project manager can successfully manage the end-to-end transition of the project from Sales to Realization, can develop roadmaps for project execution,

and understand testing and quality management. In particular for SAP related projects, the exam verifies that the Project Manager can apply the SAP Activate Methodology. The exam is Computer based and you have three hours to to answer 80 Questions. The Questions are (mostly) multiple choice type and there is NO penalty for an incorrect answer. Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points. For questions with a single answer, the answers will have a button next to them. You will be able to select only one button. For questions with multiple answers, the answers will have a

'tick box' next to them. This allows you to select multiple answers. You are not allowed to use any reference materials during the certification test (no access to online documentation or to any SAP system). SAP S/4 HANA for Financial Accounting Associates: SAP Certified Application Associate These questions are similar to the ones asked in the actual Test. How should we know? We know, because although we have been working as an SAP Hana and Finance consultant for many years, we have recently certified with the latest version of the Certification test. Before you start here are some Key features of the

*Page 71/131*

Certification Exam. This certification exam verifies that the candidate has the knowledge required in the area of SAP S/4 HANA for Financial Accounting. This certificate builds on basic consultant skills and experience that is then refined by practical experience during several projects. Candidates must also demonstrate understanding of Financial Closing, Accounts Payable, Accounts Receivables, General Ledger Accounting, Asset Accounting and Cross Functional Topics. The exam is Computer based and you have three hours to to answer 80 Questions. The Questions are (mostly) multiple choice type and there is NO penalty for an incorrect answer. Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points. For questions with a single answer, the answers will

have a button next to them. You will be able to select only one button. For questions with multiple answers, the answers will have a 'tick box' next to them. This allows you to select multiple answers. You are not allowed to use any reference materials during the certification test (no access to online documentation or to any SAP system). Clearing the Certification will not automatically lead you to a job. However a Certification with some project experience will certainly open a lot of doors for you. So if you have little or no experience, you should get yourself certified, get some project experience, and then the whole of the SAP Consulting World open for you to explore. Helping you with the first step on you ladder to success is this book! Some UNIQUE features of this Book: - There is NO Other quality material in

the market for this Certification exam. - The authors have themselves cleared the exam. - All questions are multiple choice format, similar the questions you will get in the actual exam. - Over 150 authentic questions, testing the exact same concepts that will be tested in Your exam!

SAP Certified Application Associate - CRM Fundamentals with SAP CRM 7.0 EhP2 - C\_TCRM20\_72 These questions are similar to the ones asked in the actual Test. How should I know? I know, because although I have been working as an SAP CRM Consultant for many years, I have myself recently certified with the latest version of the Associate Certification test. Before you start here are some Key features of the SAP CRM Associate Certification Exam. The "SAP Certified Application Associate - CRM Foundation with SAP CRM 7.0

EhP2" certification exam verifies that the candidate has the basic knowledge required in the area of SAP Customer Relationship Management. This certificate proves that the candidate has an overall understanding of the application consultant profile for CRM solutions, and can implement this knowledge practically in projects under guidance of an experienced consultant. This certificate is a highly recommended - although not mandatory - prerequisite for qualification to CRM Application Professional in any of the specialist areas. It is recommended as an entry-level qualification to allow consultants to get acquainted with the fundamentals of CRM. The exam is Computer based and you have three Hours to answer 80 Questions. The Questions are (mostly) multiple choice type and there is NO penalty for an

incorrect answer. Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points. For questions with a single answer, the answers will have a button next to them. You will be able to select only one button. For questions with multiple answers, the answers will have a 'tick box' next to them. This allows you to select multiple answers. You are not allowed to use any reference materials during the certification test (no access to online documentation or to any SAP system). Clearing the Certification will not automatically lead you to a job. However a Certification with some project experience will certainly open a lot of doors for you. So if you have little or no experience, you should get yourself certified, get some project experience, and then the whole of the SAP World

open for you to explore. Helping you with the first step on your ladder to success is this book! Some UNIQUE features of this Book: - There is NO Other material in the market for the SAP Certified Application Associate - CRM Fundamentals with SAP CRM 7.0 EhP2 Associate Certification exam. - The authors have themselves cleared the exam. - All questions are multiple choice format, similar to the questions you will get in the actual exam. - Over 200 authentic questions, testing the exact same concepts that will be tested in Your exam!

These questions are similar to the ones asked in the actual Test. How should I know? I know, because although I have been working as an SAP Project Manager for many years, I have myself recently certified with the latest version of the

*Page 77/131*

Associate Certification test. Before you start here are some Key features of the Project Manager Associate Certification Exam. The "SAP Certified Associate Project Manager" certification exam verifies that the candidate has the knowledge required in the area of SAP project management. This certificate builds on basic consultant skills and experience that is then refined by practical experience during several projects. This exam validates whether SAP focused project managers have advanced business skills and the ability to apply methodologies and tools. This exam validates that project managers know how to manage the end-to-end transition of the project from Sales to Realization, can develop roadmaps for project execution, understands testing and quality management. In particular for SAP related

projects, the exam verifies that the Project Manager can apply SAP-specific roadmaps and tools like ASAP and Solution Manager. The exam is Computer based and you have three Hours to answer 80 Questions. The Questions are (mostly) multiple choice type and there is NO penalty for an incorrect answer. Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points. For questions with a single answer, the answers will have a button next to them. You will be able to select only one button. For questions with multiple answers, the answers will have a 'tick box' next to them. This allows you to select multiple answers. You are not allowed to use any reference materials during the certification test (no access to online documentation or to any SAP system).

Clearing the Certification will not automatically lead you to a job. However a Certification with some project experience will certainly open a lot of doors for you. So if you have little or no experience, you should get yourself certified, get some project experience, and then the whole of the SAP World open for you to explore. Helping you with the first step on you ladder to success is this book! Some UNIQUE features of this Book: - There is NO Other material in the market for the SAP Project Manager Certification exam. - The author has herself cleared the exam. - All questions are multiple choice format, similar the questions you will get in the actual exam. - Over 200 authentic questions, testing the exact same concepts that will be tested in Your exam!

The consultants who will benefit the most from a certification

You are not allowed to use any reference materials during the certification test (no access to online documentation or to any SAP system). Clearing the Certification will not automatically lead you to a job. However a Certification with some project experience will certainly open a lot of doors for you. So if you have little or no experience, you should get yourself certified, get some project experience, and then the whole of the SAP World open for you to explore. Helping you with the first step on your ladder to success is

this book! Some UNIQUE features of this Book:

- There is NO Other material in the market for the SAP Certified Application Associate - Crystal Reports.
- The authors have themselves cleared the exam.
- All questions are multiple choice format, similar to the questions you will get in the actual exam.
- Over 150 authentic questions, testing the exact same concepts that will be tested in Your exam!

Clearing the Project System (PS) Certification will not automatically lead you to a job.

*Page 123/131*

However a Certification with some project experience will certainly open a lot of doors for you. The consultants who will benefit the most from a certification are the ones with typically less than 3 year's project experience. This is not to say that consultants with higher experience will not benefit, but at that level, having a certification matters much less. So if you have little or no SAP- PS experience, you should get yourself certified, get some project experience, and then the whole of the SAP World open for you to explore. Helping you

with the first step on your ladder to success is this book. Some UNIQUE features of this book;

- There is NO Other book in the market for the SAP Project System (PS) with ERP 6.0 Certification exam.
- The authors have themselves cleared the exam.
- All questions are multiple choice format, similar to the questions you will get in the actual exam.
- Over 150 authentic questions, testing the exact same concepts that will be tested in Your exam!

Clearing the Management Accounting (CO)

Nearly 200 authentic questions, testing the exact same concepts that will be tested in Your exam!

These questions are similar to the ones asked in the actual Test. How should I know? I know, because although I have been working as an SAP MM Consultant for many years, I have myself recently certified with the latest version of the Associate Certification test. Before you start here are some Key features of the Associate Certification Exam. The exam is Computer based and you have three Hours

to answer 80 Questions. The Questions are (mostly) multiple choice type and there is NO penalty for an incorrect answer. Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points. For questions with a single answer, the answers will have a button next to them. You will be able to select only one button. For questions with multiple answers, the answers will have a 'tick box' next to them. This allows you to select multiple answers. You are not allowed to use

any reference materials during the certification test (no access to online documentation or to any SAP system). Clearing the Certification will not automatically lead you to a job. However a Certification with some project experience will certainly open a lot of doors for you. So if you have little or no experience, you should get yourself certified, get some project experience, and then the whole of the SAP World open for you to explore.
