

Sbas Emqs Psychiatry Medical Students

Providing a
comprehensive
and evidence-
based reference
guide for those
who have a strong

Page 1/207

and scholarly
interest in medical
education, the
Oxford Textbook
of Medical
Education
contains
everything the
medical educator
needs to know in
order to deliver
the knowledge,

Page 2/207

skills, and
behaviour that
doctors need. The
book explicitly
states what
constitutes best
practice and gives
an account of the
evidence base
that corroborates
this. Describing
the theoretical

Page 3/207

educational principles that lay the foundations of best practice in medical education, the book gives readers a through grounding in all aspects of this discipline.

Contributors to

Page 4/207

this book come
from a variety of
different
backgrounds,
disciplines and
continents,
producing a book
that is truly
original and
international.
Specifically
designed for the

Page 5/207

MRCOG exam part 2, SBAs and EMQs for MRCOG Part 2 will offer 500 questions mapped closely to the Royal College of Obstetrics and Gynaecology curriculum to help candidates prepare for the

EMQs for Finals
SBAs for the Part
1 MRCOG

This book provides those studying for the MRCOG Part 2 examination with welcome practice in answering Extended Matching Questions (EMQs). Updated throughout to map

Page 13/207

onto the MRCOG syllabus from September 2016, the book is designed to test the candidate's theoretical and practical knowledge of obstetrics and gynaecology. An introductory section on exam techniques is followed by a collection of 41 EMQ themes, split into

Page 14/207

obsterics and gynaecology. The questions are based on common clinical scenarios and cover a variety of topics. Answers are included after each topic, and these include explanatory material and useful references. SBAs, EMQs & SAQs in the SPECIALTIES provides a broad

Page 15/207

range and style of questions, not only for medical students preparing for their final exams, but also for clinicians preparing for their postgraduate exams. This book includes over 130 single best answer questions (SBAs), 270 extended matching questions (EMQs) and 78 short

Page 16/207

answer questions (SAQs), giving the reader a wide variety of topics to test their exam knowledge and technique. It is an invaluable educational resource for exam preparation and to help you succeed. Key features * Over 470 questions on specialty subjects. * Compiled by a team

Page 17/207

of junior doctors with recent final exam and postgraduate specialty exam experience. *

Overseen by experienced doctors to ensure relevance and accuracy. * The broad medical curriculum is covered in a succinct and consistent style. *

Pharmacology and

Page 18/207

pathology are integrated throughout the text. * Clear and concise answers are provided. * Easy accessible information to facilitate revision on the move. * Enables the reader to assess their knowledge and help identify gaps in their knowledge to target revision. * The following main

Page 20/207

Single Best Answer (SBA) examinations are an increasingly popular means of testing medical students and those undertaking postgraduate qualifications in a number of subject areas. Written by a final year medical student, junior doctors and experienced

Page 21/207

clinicians, 500 Single Best Answers in Medicine provides invaluable guidance from authors who unde

With over 1000 questions, MCQs and EMQs in Surgery is the ideal self-assessment

companion guide to Bailey & Love's Short Practice in Surgery.

Page 22/207

The book assists readers in their preparation for examinations and to test their knowledge of the principles and practice of surgery as outlined within Bailey & Love. Sub-divided into 13 subject-specific sections, both MCQs and EMQs provide a comprehensive

Page 23/207

coverage of the surgical curriculum as well as the core learning points as set out in Bailey & Love: Each section emphasises the importance of self-assessment within effective clinical examination and soundly based surgical principles, while taking into

Page 24/207

account the latest
developments in
surgical practice.
MCQs and EMQs in

Structured Clinical
Examinations**

Page 49/207

(OSCEs) that comprehensively cover the major topics in Psychiatry likely to be tested at medical school. It will also be an invaluable resource to those taking other exams such as the PLAB and postgraduate Psychiatry

Page 50/207

examinations. Part 1 comprises 58 EMQs, divided into 8 chapters, covering questions on mental state examinations, general adult psychiatry, developmental and organic disorders, treatments, and

Page 51/207

management issues.
Most EMQs focus
on a particular
presentation or
issue and are based
on clinical vignettes
that describe a
clinical
scenario. Each
EMQ is organized
as five stems with
10 possible choices

Page 52/207

and answers to each EMQ are given at the end of each chapter with additional notes clarifying specific options not covered in the questions. Part 2 covers OSCEs, which are based on common

Page 53/207

SPECIALTIES

This work features a Foreword by David Taylor, Vice Dean, Leicester Medical School. "This book is the first to assist students with a new format of testing knowledge and clinical skills, i.e., the extended matching question. I am

Page 137/207

delighted my
colleagues here in
Leicester, where
undergraduate
education is given the
very highest priority,
have found the time
and energy to write
this book. This book
comprehensively tests
a whole range of
obstetrics and
gynaecology and I

Page 138/207

congratulate them for it." - David Taylor, in the Foreword. This revision aid in Obstetrics and Gynaecology is based on the Extended Matching Question format (EMQ). It contains over 200 patient vignettes arranged in topic areas covering a broad

Page 139/207

range of themes and degrees of difficulty. It provides test EMQs and detailed answers at the completion of each section. "EMQs in Obstetrics and Gynaecology" is an indispensable study and revision aid for undergraduate medical students preparing for in-course assessment

Page 140/207

in obstetrics and
gynaecology as well
as final exams. It also
provides a vital review
for specialist trainees
in obstetrics and
gynaecology
preparing to take
postgraduate exams.
Medical schools are
rapidly adopting the
popular style of
"Single Best Answers"

Page 141/207

(SBAs), "Best of Fives" (BOFs) and "Extended Matching Questions" (EMQs) for undergraduate exams. This unique and up-to-the-minute book contains 1000 clinically relevant questions, a selection of SBAs, BOFs and EMQs - the essential revision aid for every

Page 142/207

medical student. No need to spend time reading through several different textbooks, everything you need is here in one place. Questions are presented to include typical scenarios you will encounter as a junior doctor and the book covers the core

Page 143/207

curriculum subjects: -
Medicine - Surgery -
Psychiatry - Obstetrics
and Gynaecology -
Paediatrics Written by
a doctor with several
years' experience at
SHO and registrar
level, and a newly
qualified junior
doctor, this book is a
valuable revision book
for everyone

Page 144/207

preparing for medical school exams, and an equally useful tool to help junior and senior house officers prepare for managing patients. SBAs, EMQs & SAQs in PRACTICE

PAPERS provides a broad range and style of questions, not only for medical students preparing for their

Page 145/207

final exams, but also for clinicians preparing for their postgraduate exams. This book includes over 40 single best answer questions (SBAs), 140 extended matching questions (EMQs) and 25 short answer questions (SAQs), giving the reader a wide variety

Page 146/207

of topics to test their exam knowledge and technique. The book also includes a variety of radiological images (abdominal and chest X-rays), ABGs and ECGs for interpretation. It is an invaluable educational resource for exam preparation and to help you succeed. Key

Page 147/207

features: * Over 200 questions on the core medical subjects. * Compiled by a team of junior doctors with recent final exam and postgraduate specialty exam experience. * Overseen by experienced doctors to ensure relevance and accuracy. * The broad medical curriculum is

Page 148/207

covered in a succinct
and consistent style. *
Pharmacology and
pathology are
integrated throughout
the text. * Clear and
concise answers are
provided. * Easy
accessible information
to facilitate revision
on the move. *
Enables the reader to
assess their

Page 149/207

knowledge and help identify gaps in their knowledge to target revision. * The following main specialties are covered: - Breast surgery; - Cardiology; - Dermatology; - Endocrinology; - ENT surgery; - Fluids & electrolytes; - Gastroenterology; -

Haematology; -
Infectious diseases; -
Lower gastrointestinal
surgery; - Neurology;
- Neurosurgery; -
Obstetrics &
gynaecology; -

The Specialties
Single Best Answer
(SBA) examinations

Page 152/207

are an increasingly popular means of testing medical students and those undertaking postgraduate qualifications in a number of subject areas. Written by a final-year medical student, junior doctors, and experienced

Page 153/207

clinicians, 450 Single Best Answers in the Clinical Specialties provides invaluable guidance from authors who understand from personal experience that detailed and accurate explanations are the key to successful revision. The presentation of questions arranged by

Page 154/207

specialty area, coupled with the clear discussion of how the correct answer was reached and other options ruled out for every question, make this book an excellent learning aid during all stages of clinical studies, and particularly while preparing for medical

Page 155/207

finals.

foundation doctor
and the knowledge
such a trainee needs
on a daily basis.

Neel Sharma has
written three self-
assessment books -
on psychiatry,
obstetrics and
gynaecology, and
paediatrics -
designed to help
students tackle both

Page 179/207

the new form of assessment as well as the traditional styl.

'SBAs, EMQs & SAQs in the SPECIALTIES

provides a broad range and style of questions, not only for medical students preparing for their final exams, but also

Page 180/207

for clinicians preparing for their postgraduate exams. This book includes over 130 single best answer questions (SBAs), 270 extended matching questions (EMQs) and 78 short answer questions (SAQs), giving the reader a

Page 181/207

wide variety of
topics to test their
exam knowledge
and technique and
making it an
invaluable
educational
resource for exam
preparation and to
help you succeed.

Key features: •

Over 470 questions
on specialty

Page 182/207

subjects. •

Compiled by a team of junior doctors with recent final exam and postgraduate specialty exam experience. •

Overseen by experienced doctors to ensure relevance and accuracy. •

The broad medical
