It's no wonder that Common Core math problems are making kids cry.  
I certainly don't blame them. However, the root problem is the federal  
government intervening in local schools. Local schools and teachers  
better know how to design educational standards than federal  
bureaucrats.**

**Can You Solve These Common Core Math Problems? | FreedomWorks  
A popular criticism of the Common Core State Standards is the way  
that students are asked to solve math problems nowadays. Simple  
equations now require multiple steps to solve—equations that once  
only took seconds. Some claim that the new way is unnecessarily  
complicated and makes no sense. But hang on; there is a method to  
this madness.**
