Since it was first published in 1999, The Beginning Runner's Handbook has sold more than 90,000 copies, helping

Page 8/46

participants at community clinics across Canada - and thousands more runners around the world - realize their goal of running 10K. This easy-to-use, practical guide is completely updated in this fourth edition. It now includes a revised RunWalk program that gives runners a choice between running 10K or running and walking the distance, depending on their individual goals and fitness.
